

STOP!

**BEFORE ENTERING
THE SHOWER:**

All visitors MUST be approved by the farm manager AND signed into the logbook before showering into the farm.

1

ALL clothing and personal effects must be removed and remain on the outer (dirty) area before the shower. Watches, rings, and other jewellery must remain on the dirty area of the shower and are not permitted in the farm. Eyeglasses must be showered through.

2

All production staff and visitors must take a complete shower, 3 minutes minimum duration with body soap and shampoo, prior to entry. Hand washing, fingernail scrubbing with a nail brush, and hair washing are required.

3

Towels and farm clothing are available on the opposite (clean) area of the shower. Towels and clothing must remain on the clean area of the shower. They may not be brought through the shower area to where the personal clothes are kept.

Once you have passed through the shower, you may not return to the dirty area and reenter the farm without taking another shower.

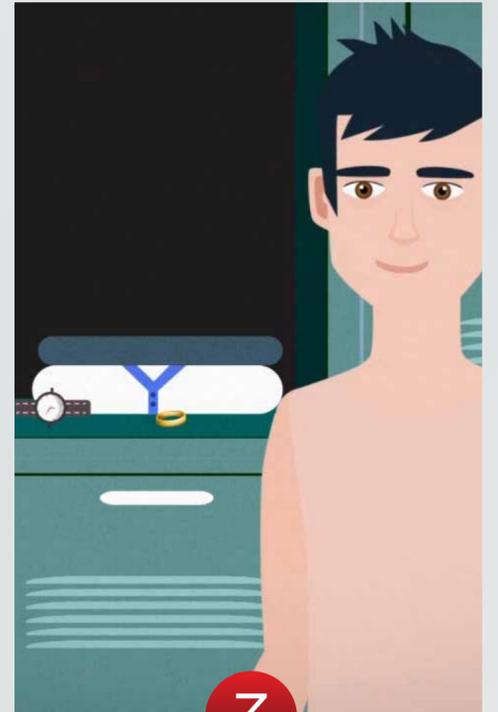

STOP!

DO NOT proceed beyond this point with any unit clothing. All unit clothing must remain on the clean area of the shower.

Take a complete shower; shampoo and body wash at minimum. Once finished, step back to the clean area of the shower to dry off. Once dry, leave the towel on the clean area.

Step through the shower area to the dirty area. Put on your personal clothing and exit the dirty area of the shower to the entrance.

Once you have passed through the shower to the dirty area, you may not cross back to the clean area without taking another complete shower.
